More About Price Transparency

Thank you for requesting an estimate from Mayo Clinic. Mayo Clinic is committed to being transparent with patients on the fees for services. Mayo Clinic combines comprehensive care with a seamless patient experience. Our estimates can at times be higher than those from other institutions. Here's a brief explanation of what your estimate will include.

Your estimate from Mayo Clinic includes all facility and physician and staff charges.

Virtually all medical services you may need are available at Mayo Clinic, including doctor visits, testing, surgery and hospital care. As a result, scheduling multiple services is much easier, and a course of treatment that might take months elsewhere can be completed in a matter of days at Mayo Clinic. (Many of our patients have a hard time believing this is possible until they experience it for themselves.)

Mayo Clinic is a nonprofit institution, meaning all proceeds go to improving medical practice, research and education.

Our doctors work in a collaborative environment and consult with one another continually, which means you get many opinions, including opinions from doctors in related specialties if necessary. This arrangement results in better care and more relevant treatment options for you.

This first estimate can be refined later, after you schedule an appointment and begin making progress in your care.

Mayo Clinic offers visitors to our site the chance to see estimated prices and payments for health care services at our facilities. The information on the following pages includes estimates based on information you provide, not quotes or guarantees. You should not rely upon those estimates. Your actual costs may be higher or lower depending on many factors, including, but not limited to, your physician’s treatment choices, actual services rendered, complications, your particular health care needs, and the details of your insurance coverage, if any.

You will be held responsible for the actual amount you owe based on services rendered to you or your insured dependents (as applicable), and this site does not form a contract for the actual amount that you may be required to pay. Please check with your health insurance to confirm whether you’re covered, and the costs that you may be charged, for the requested service or procedure at the desired Mayo location. You are responsible for costs that are not covered and for getting any pre-authorizations or referrals required by your health plan. There is no guarantee that your insurance will provide coverage, so please reach out to them to understand and confirm your plan details.
